ZONING PERMIT INSTRUCTIONS FOR:

SOLAR PANELS

1. Complete Zoning Permit Application.
2. Two (2) updated sealed surveys prepared by a surveyor or engineer licensed in the State of New Jersey showing the proposed solar panels. A plot plan prepared and certified by an architect licensed in the State of New Jersey is also acceptable. The original sealed survey or plot plan must show the location and dimension (including height) of the existing principal structure and proposed solar panels, must show the setback distance from all (4 or more) corners of the structure (drawn perpendicular to the property line) and reflect the conditions on the property at the time the application is filed.
3. Specifications from the company installing the solar panels including any increase in height above the roofline.
4. \$25.00 - Zoning Permit Fee payable to Stafford Township.

Additional information or documentation may be requested in order to issue your permit.
